This Christian Novel Is Truly a Revelation!

Origin and All is a novel about how the universe began. It will open your eyes and challenge your beliefs about God and Christianity.

The book explores the rebellion of Lucifer and his angelic host, while at the same time explains that Christianity is not a religion, but a revealed life. The aim is to offer a comprehensive understanding of life and reality in God's universe. The author shows how life, reality, and the totality of universal existence originated from the conscious existence of a living entity known as Elohim, the Origin of all. Further, such matters as the original plan of God, the rise of fallen angels, the three-fold Gospel, the bridal union, and so much more are extensively discussed. Christianity is contrasted with the religions of the world and other forms of worship.

You will learn the true doctrines of man's origin, coupled with a seemingly endless stream of supernatural information that reveals understanding on a wide range of issues, with the aim of preserving the purity and originality of divine truth.
