Opposites Attract in This Timeless Love Story

Younger Man Falls for Indian Woman in 'The Second Bench'

The Second Bench is a sensitive and moving romance that exposes the social undertones of 50 years ago. It is also a true story.

Two unlikely and unhappy souls reach out to one another in North Devon, England in 1963. A lonely young man on holiday finds the love and happiness he has always been denied when he meets a beautiful older woman, originally from Delhi, India. Worn down by the cruel and brutal treatment she has suffered in England, these two are drawn together by an overwhelming passion they cannot deny. But the love they feel is considered wrong in the eyes of the rest of the world.

Encountering racial hatred and disgust at their association because of the age and cultural differences, they find a love nest where they cling desperately to each other for as long as they can. Can these two people from very different cultures be able to live out their dreams of happiness?
