### **Who Will She Follow Into Battle in Exciting Sci-Fi Adventure?**

Life is about to change for Catherine. When she turns 18, she is expected to become leader of the World of Light. But there are those in the Dark World wanting to steal her paranormal powers as she approaches her birthday. This compelling science fiction novel pits light against dark in a fight that builds to a stunning climax.

At 17, Catherine is in love with James, an “imaginary” man who exists only in her seemingly real dreams. She has known him since she was six years old. James is her sworn protector, but because he can’t tell her everything, he has her questioning her sanity. Catherine’s powers begin to grow. She can hear telepathic conversations, can move things without touching them, and can stop time with just a thought. When a boy named Casey moves to town, Catherine is intrigued, and allows herself to try for a normal relationship. But there is nothing normal about Casey. He has powers similar to hers, and being around him has a sickening effect on her.

While trying to let go of her fantasy life with James, Catherine finds herself questioning everything. What she doesn’t know is that there is a war going on that will include her when her eighteenth birthday comes. Who can Catherine trust and will she be ready to fight on the right side of the battle?
