### **Sci-Fi Thriller Will Shake Your Perceptions of What Is Possible**

Bizarre things are happening in the nation's capitol. It turns out that ground zero is in the labyrinth of tunnels under the White House. Originally built as an escape route for top officials in case of emergency, what happens if the underground drilling went too deep and the real danger is emanating from the tunnels?

Hunter and Sheila work for the National Security Agency. When aliens are discovered in the tunnels under Washington, the two are captured by the aliens during the mass hysteria of White House personnel. Hunter and Sheila try desperately to escape their captors, only to find there is no way out. Then they learn that the aliens are really demons of Lucifer, abiding right where they should be: in *Lucifer's Realm*.

This dark science fiction novel is filled with foreboding ... and the politicians don't look so good either! Will good triumph over evil in Washington, and who is really in charge?
