Why Can't She Remember Anything? Suspenseful Romance Poses Frightful Questions to a Woman Without a Past

Who is *The Man in the Dark Suit*? Is he real? And why should he frighten a young woman with amnesia?

The young woman wakes up in a hospital bed, at the same time realizing that she cannot remember her past. Her nurse explains that she has amnesia from an accident that she also can't recall. When the mystery woman falls asleep, her mind provides little glimpses into her past, but are her dreams real or imaginary? She dreams of a man in a dark suit, and finds herself becoming more fearful of him with each dream. While awake, she sees the man in the dark suit standing by the door of her hospital room, but he disappears. Was he real or a figment of her imagination? She must find out who this man is or she won't feel safe.

Her doctor offers friendship, and the woman finds unexpected romance with him. But her dreams continue to hint at her lost past and a man she may have left behind. All she knows for certain is that she must avoid the man in the dark suit at all costs.

"We are thrilled to announce the release of this suspenseful romance that will please readers of several genres," said Robert Fletcher, CEO of Strategic Book Publishing and Rights Agency.
