Travel Back to the Time of King Tut in This Historical Novel

About 3,300 years ago during the time of the pharaohs, the boy king known as Tutankhamun ruled ancient Egypt. His tomb and golden burial mask survived the millennia, to be rediscovered in 1922, but little is known of the young man's life.

The historical figure of King Tut comes alive in this stunning novel about the young king and his half-sister, Sunni. The girl was four years older than her brother, and played a big part of his growing up years. When the young prince became king, he chose Sunni as his wife.

This is their love story, as seen through the eyes of his bride. The tale includes miscarriages and infidelity, but also strong affection and love. After Tutankhamun's death, Sunni had decisions to make, and a wrong choice could result in tragedy. Here then is an ageless story of romance, death, and mystery in the age of King Tut.
