

FOR IMMEDIATE RELEASE

It's Time to Turn to the Tea Party to Save America's Future

The escalating damage to America's security, economic health, culture, and freedoms covered in this book as a direct result of the federal government's fiscal irresponsibility are ripped directly from today's headlines.

Tea Party Resurgence: The Pursuit of a More Perfect Federal Government presents a quick and enlightening read for Americans of all political persuasions who are concerned with the current direction of the country and the debt we are leaving for future generations. It highlights the escalating problems associated with the growing U.S. federal debt and how it affects us all. The issues and recommendations presented will appeal to all Americans concerned about the country we leave future generations and the burdens caused by current reckless spending. This is a hard-hitting indictment of establishment politicians on Capitol Hill, who refuse to acknowledge the problem of the federal debt and deficit spending, while continuing to add to the problem.

The book offers 11 principals for incorporation into national Tea Party principles that will appeal to wide audiences. If you are unhappy with how America is progressing, you should be part of *Tea Party Resurgence!*
