### **Novel Digs Into the Secrets of the Coal Mining Industry**

Set in the dark and bloody ground of the Appalachian coalfields, the novel *Fortune's Yoke* is a gritty, unapologetic examination of the human spirit, with all its frailties, imperfections, and magnificence.

*Fortune's Yoke* explores the lives of characters coming from diverse backgrounds and stations in life. The common thread is that all lead lives set in motion toward a clearly carved-out destiny. In the mid 1970s, the coal market is booming. Life in the small coal town Whitehurst is vibrant, and prosperity and optimism reign. Coal trucks roam incessantly through the hills and mining jobs abound. But within this underground world of mining, plans are made and schemes hatched that will forever change the town.

This tumultuous story offers a thorough view of the life, culture, and politics of rough-and-tumble Appalachia of 40 years ago, showing all its grime, glory and infamy. Just how should one react when life's road comes upon an unexpected fork?
