McBride Series: Latest Sexy Adventure Takes Thailand by Storm

This sexually explicit thriller walks a fine line between suspense and what could happen in real life. Set in Thailand, it takes readers on a death-defying spin through the world of espionage.

American billionaire Vanessa Stock seeks aid from retired British Special Air Service agent Jonnie McBride, who is now living in Thailand, where he has become a famous Black Ops assassin. In the rousing action adventure thriller *Second Time Dead*, Vanessa wants the former SAS member to rescue her identical twin sister, who has been abducted by a slave trafficker. McBride is initially reluctant to accept the assignment, until he learns the trafficker is a man he thought he killed years before while serving in the British Army.

McBride contacts his army buddies to plan the mission, and then convinces Vanessa that her presence is necessary for the plan to work. She agrees to help, and finds herself falling in love with McBride, even though previously she has been more sexually drawn to women than men. *Second*

Time Dead takes readers for a grand ride in the first episode of the McBride adventure series.
